The Student and Exchange Visitor Program (SEVP) is rescinding Broadcast Message 2101-02: New SEVP Unit to Oversee Employment Compliance in the OPT Programs and Report on Impact on U.S. Workers, issued Jan. 13, 2021. After conducting additional reviews of U.S. Immigration and Customs Enforcement’s optional practical training (OPT) compliance efforts, the program determined that it is already performing much of the work outlined in the Broadcast Message. As such, the creation of a new unit is not necessary at this time. SEVP will continue to ensure transparency into OPT data and compliance via our existing communication channels at [ICE.gov/SEVP](https://ice.dhs.gov/SEVP) and [Study in the States](#).
